KJ XR3
X-REBOUND

KJ XR3 Black/Orange
199 €

Features of the new "XR-3" IPS spring
The revolutionary Tension-Spring TS6 with:
- 4 TwinTurbos (instead of 2) for increased comfort, rebound & stability
- a double way safety system (SRS), in conjunction with the shell 6
- 3 sets of holes which will allow you to customize your Kangoo Jumps by adding steel coil springs, to increase the resistance of your IPS and / or experience a different ride feeling! To add coil springs you will need to either cut the central band of your TS6 or the 2 external bands, to replace them with one or 2 sets of coil springs.

The new KJ Shell 6 (=arch shaped component) which offers:
- the double way safety system SRS (in conjunction with TS6) with a locking position for extreme uses
- new design that provides more rebound and reduces the wear of the T-Spring
- an increased product life span.

The new KJ sole 6: more shock absorbing / silent, lighter weigh, sleek design in gray color.

Very comfortable hard shell boot:

- Suits all foot shapes, even wide ones (fits in 95% of mail order sales).
- Very durable, will last for years!
- Strong, easy closing buckles.
- Removable liner which can be machine washed.
- Breathable, perforated sole.
- Patented support plate for best foot positioning.

This "Power Shoe" for juniors, boys & girls, features the softest IPS to suit their light weights, from about 45 lbs (20Kg) to 110 lbs (50 Kg). It features:
- a high quality washable liner which adapts to 3 sizes. KJ Power is therefore available in only 2 size ranges: US boys 1-3 and 4-6 (= US girls 2-4 and 5-7, =EU 32-35 and 36-39) which makes the inventory management much easier.

- a T-Spring similar to TS-XR6 but with innovative injected TwinTurbos. It is far more versatile compared to the former KJJ-A. KJ Coil Springs will be sold separately in packs of 4. A sure after sale!
- It can accommodate lighter weights than the former model.
- A new Shell 8S design.
- the Hard Shell boot is in pure PU material, to last longer than the former KJJ-A
